

Audubon OHIO

Presents

Bird Monitoring Training

For Important Bird Areas

In Conjunction with Audubon Society of Greater Cleveland, Firelands
Audubon Society, and Western Cuyahoga Audubon Society

Saturday, April 29th, 2006
9 a.m. – 1:00 p.m.

Lake Erie Nature and Science Center
Bay Village, Ohio

Come and learn how to steward one of Audubon Ohio's Important
Bird Areas (IBAs) in the Vermilion, Black, Rocky, Chagrin and
Grand River watersheds.

We need volunteers to be the eyes and ears for conservation in these
important ecosystems to help record data on bird populations. The
training will introduce volunteers to different bird monitoring
methods and allow for discussion of the varying needs and
opportunities of each watershed.

Contact: Marnie Urso at 216-246-7150 or at murso@audubon.org to
register or to get more information.
